

## **Specific Objective for BMAS – Pilot Programs**

### **GOAL 4:**

**Objective:** To facilitate statewide collaboration for implementation of BMAS CTE program, eligible BMAS teacher(s) will participate in a statewide project that includes all of the following:

1. Attend orientation session.
2. Utilize Internet-based technology to facilitate communication and collaboration among the school sites teaching the BMAS curriculum and member of their business advisory councils.
3. Develop and share a BMAS classroom lesson plan using the Business Education guidelines.
4. Participate in tour(s) of high performance businesses, shadowing, and externships.
5. Identify a community college partner and articulate the BMAS secondary and postsecondary business ed programs.

### **Measurable Outcomes:**

1. Documented participation in the project orientation and communication using the software network.
2. Develop and submit a BMAS lesson plan conforming to the Business Education guidelines and using experiences from the high performance business tours.
3. Documented articulation agreement for the BMAS program.
4. Develop and submit, with input from members of business advisory councils, samples, and recommendations for end of BMAS program student assessment.

### **Evaluation Method:**

1. Pre- and post-test of participant's knowledge, confidence, and frequency of use of web-based technology.
2. Time on task measured on-line.
3. Quality of lesson plan submitted and as judge by project participants.
4. Acceptable articulation agreement.
5. Quality of end of program assessment submitted and as judged by members of local and state business advisory councils.
